3	Water absorption	Conforms
4	Modulus of rupture	Conforms
13	Chemical resistance Domestic and swimming pool products	GB
14	Stain resistance	Class 3

## Sustainability information

## Cleaning and maintenance advice

### Before grouting

A pre grout protector Fila PRW200 is advised to protect the tiles; this is a temporary seal that when cleaning the grout will wash off.

### Initial washing

The initial washing is fundamental for good treatment results. The initial washing is aimed at removing any laying residues and building grime.

Product: Cloth

### Impregnating

It is also recommended to seal the body of the tiles with Fila MP90.

### Routine maintenance

The aim of the routine maintenance is to remove dirt and scuff marks. Must be carried out regularly.

Product: Cleaner Pro

Please see [www.filasolutions.com](http://www.filasolutions.com) for methods of use, dilution and coverage.
