# Earthbound

The Earthbound series showcases the artistry of traditional craftsmanship. Each piece is distinguished by intentionally crafted irregular edges and dimensional variations, lending an authentic, handmade appearance. These characteristics make every item unique. To maintain this distinctiveness, a grout line of at least 2mm is recommended for straight installations, and 3mm for herringbone patterns.

Shade variation: V3 high

## Sustainability information

## Cleaning and maintenance advice

### Initial washing

The initial washing is fundamental for good treatment results. The initial washing is aimed at removing any laying residues and building grime.  
Product: Deterdek Pro

### Routine maintenance

The aim of the routine maintenance is to remove dirt and scuff marks. Must be carried out regularly.  
Product: Cleaner Pro

### Special maintenance

Special maintenance is carried out in case of very stubborn dirt, when the routine maintenance is not enough to restore the original look of the surface.
