

Modan

3 Colours | 2 Finish | 2 Size

Modan features a glossy, textured surface with subtle irregularities that enhance light reflection and depth, creating a refined yet handcrafted aesthetic reminiscent of Moroccan riad tiles. Its slightly undulating finish adds a tactile dimension, while the warm, earthy colour palette balances deep, saturated tones with soft, powdery hues to achieve timeless visual harmony. Designed for interior wall applications, Modan is ideal for feature walls and high-impact design areas where material authenticity and surface variation are key.
