Fluence

8 Colours | **2** Finishes | **1** Size

Fluence brings tactile depth and sculptural rhythm to modern interiors through two three-dimensional fluted profiles—a soft convex wave (T1) and a crisp concave channel (T2)—in a slim 132×400mm ceramic format. Finished in a light-reflecting gloss glaze across eight curated colourways with matching quarter-round trims, it effortlessly elevates flat feature walls and curved surfaces alike.

Cleaning and maintenance advice

Initial washing
The initial washing is fundamental for good treatment results. The initial washing is aimed at removing any laying residues and building grime.
Product: Cloth

Routine maintenance
The aim of the routine maintenance is to remove dirt and scuff marks. Must be carried out regularly.
Product: Cleaner Pro

Please see www.filasolutions.com for methods of use, dilution and coverage.

LRVs and PTVs

LRV and PTV values may vary between batches; please contact us for guidance.

Document + web colours

Swatch colours may differ from final production, samples are recommended.
